Objectives

I am a motivated and self-taught web developer with a strong foundation in HTML, CSS, Bootstrap, and JavaScript always eager to leverage my skills and passion for problem-solving to create amazing and user friendly websites for my employers. I am always Committed to continuous learning and staying up-to-date with industry trends.

Skills

- Proficient in HTML, CSS, Bootstrap, and JavaScript.
- Experience building responsive and user-friendly websites.
- Familiarity with version control systems (e.g., Git).
- Strong problem-solving and debugging skills.
- Continuous learner with a passion for staying updated with the latest web development trends.

Additional Skills:

- Excellent communication and collaboration skills.
- Strong attention to detail and ability to meet deadlines.
- Ability to work independently and as part of a team.

Education

Zetech University (2016 - Incomplete)

Pursued a degree in Bachelor of science in information technology
